

Benefits of Student Membership

DID YOU KNOW?

ITI is the professional body of choice for Translators and Interpreters.

ITI has a lot to offer students of translation and interpreting like you! Student membership of the Institute will give you access to:

- The ***bulletin***, a bi-monthly publication including feature articles, news and job offers
- Subject, language and regional networks, all of which organize events, both professional and social
- Dedicated network for new members
- Discounts for attendance at events organized by the Institute and its partners
- Peer support and E-groups where you will be able to post your queries and comments
- Networking opportunities with other members of the Institute, either individual or corporate
- Organized professional development courses to improve your skills, including webinars

All members of the Institute also benefit from better deals on products such as software and dictionaries.

Last but not least, you will have the support of the ITI office, who will be pleased to offer you advice on many issues facing new entrants into the profession.

And remember!

You can benefit from student membership for an additional full year from the end of the subscription year in which the taught element of your course ends – long enough for you to decide whether to become a translator or an interpreter. You will then be able to upgrade to associate status which (among other benefits) offers very competitive rates for professional indemnity insurance. Of course, when you have gained enough experience you can then become a full member (MITI) of the Institute.

Student membership of the Institute of Translation and Interpreting is the first step in your professional career! Join NOW, full details on the ITI website.
