Personal Achievement

- * In my Interpreting Career, I have been honoured to work as an **Interpreter at 10 Downing Street for British Prime Ministers (David Cameron, Theresa May and Boris Johnson)** when meeting with Arab leaders and Prime Ministers.

- * In my Education Career, **I had written in the 1980s six textbooks of science** (in the English language) for Lebanese students of the age range 14-18. My academic results have always been outstanding as I had been the top student in my groups at all education levels (primary, secondary and university) and in various subjects, particularly in Languages, Maths and Science.
