

ITI Awards 2022

Entry requirements: Outreach Champion Award

This award is for an individual or organisation that has successfully promoted the value and importance of professional translators/interpreters, and/or the powerful, positive impact of communicating in other languages for business and society in general, beyond the translation and interpreting sector.

For example, someone who has helped to give the business community a better understanding of translation and interpreting; or who has enthused young people about working in languages; or who, through their voluntary work, has significantly increased awareness of the importance of quality translation or interpreting; or who, by making consistently excellent use of their language skills even though these are not a core requirement of their job, has inspired others and helped them to understand the benefits of languages.

Please note: This is not a teaching award, and entries should not be submitted for teaching achievements.

Requirements/additional information:

- Eligible entrants will be nominated, they cannot nominate themselves
- Nominators must be ITI members
- Both members and non-members of ITI may be entered for this award
- Individuals and organisations are eligible for this award
- The activity for which they are nominated should not be a core part of their day-to-day work – it should be voluntary or something they have embraced as an additional responsibility
