

What does ITI do?

For our members

ITI provides a range of benefits designed to support translators, interpreters and all those involved in the language services sector at every stage in their career.

For businesses and the public

ITI aims to educate the public about the industry and to guide those who might require language services. We do this by offering a range of useful resources, including the ITI Directory.

For the profession

ITI seeks to promote the highest standards in the profession, representing our industry at the very top level. This includes liaising with government and other professional bodies.

ITI Directory

The ITI Directory is a free search facility to help you find a professional translator, interpreter or Language Service Provider (a translation or interpreting agency).

Every Qualified member in the ITI Directory has passed a rigorous assessment and all ITI members adhere to the ITI Code of Professional Conduct.

You can find the Directory on the ITI website, under **Find a professional**.
